LEVERAGING SOCIAL MEDIA

We've put together a LinkedIn Discussion Group just for Vistage Members where you can discuss, debate and pose questions around how to implement a social media infrastructure within your Vistage/TEC company. The group started out just focused on leveraging social media for recruiting and finding candidates, but it has grown to encompass a wide range of social media topics, including using social media and networking for sales, marketing, business development, customer service, employee engagement, and employee motivation. This group is for Vistage/TEC Members ONLY.
